EXPERIENCE

FREELANCE TECHNOLOGY SUPPORT

James Platt Consulting | 2021-present

- Since the pandemic began, I've worked remotely with clients on implementing a wide range of solutions for their small businesses. I've managed various contractors for more advanced work.

TECHNOLOGY TEACHER (HIGH SCHOOL)

ARISE High School, Amethod Public Schools | 2017 - 2020

- In addition to core subject teaching (Math), I taught elective computer science and introductory technology classes. I created my own curriculum based on California state standards.

PROJECT MANAGER/WEB DEVELOPER

Thismoment Inc., CodeKings Inc. | 2013 - 2017

- Through 3 company acquisitions over 4 years, I performed whatever necessary to complete projects. Hired as a Jr. Web Developer, I managed teams of up to 10, while also analyzing requirements, writing and pushing code. Duties included: new employee training, project management, documentation, and client onboarding.

BUSINESS SYSTEMS ANALYST/QA

GFI Group LLC, Intuit Inc. | 2007 - 2013

- On Wall Street, I acted as the bridge between the front office and the back office by documenting and designing systems solutions through to project completion. I also tested systems.

EDUCATION

UC SANTA CRUZ

Bachelor's in Business Management Economics
Graduated June 2002 | GPA: 3.45

ORANGE COUNTY DEPT. OF EDUCATION

Duel subject CTE (Career Technical Education) Credential:
- Information and Communications Technologies
- Business & Finance
Cleared February 2022
